OFFICE NOTE.

FILE No. 419. of 1888.

Grant-in-aid to the St. Patrick's Orphanage, Bangalore

In letter dy. 1st Sep. 88, the R. C. Chaplain in charge of the above Institution states that it was Established twelve years ago & has ever since been maintained without any aid either from Govt. or the Municipality.

2. The Orphanage Le Caps is intended for the male Children of European Eurasians, & most of the inmates are either Orphans or the Children of parents in very destitute Circumstances — The number on the Roll is 65.

3. The boys are lodged fed clothed and moreover taught elementary

Education in St Patrick's day

4. In 1887, the cost of the
maintainance of the Orphanage
amounted to Rs. 3229, of which
Rs. 570. were contributed by the
Community, the remainder being
defrayed from the mission fund
and from the Chaplains Stipend.

5. In para. 11, the Chaplain compares
this Orphanage with the Bangalore
Cantonment Orphanage & observes
that the former is conducted
on a more economical basis:
from file 389/1887, it will be seen
that the B. C. Orphanage is
established chiefly for the children
of soldiers & the unprovided for
orphans of Europeans Eurasians
and that the rules Govt. upon the

(Continuation of Note or Precis.)

Granted & obtained a grant of £65.300/ per annum since April 1878

6. In para 12 the Chaplain says that the R. C. Orphanage receives a ~~from the~~ Grant in aid from Municipal Funds - this is not quite correct. The Orphanage is a Primary School & as such receives ~~£60~~ 100/. a month from the Municipality - No Grant, this entertained is made to the Institution as an Orphanage either from the Assigned Revenues or by the Municipality.

7. The St Patrick's School which is attended by the ~~Orphan~~ boys from the Orphanage bearing the same name, is a Secondary School and ~~afford~~ receives a Grant-in-aid £62.80/ p.m. from the C. & Ch. Lt. Revenues.

8

8. In the last para, the Chaplain state that his intention is for technical Education to the Chaplains. When details are arranged, application for a grant on this account may be made by the Chaplain, thro the Dio:, & such appn will be considered on its merits.

9. If approved, the Chaplain may be informed that St. Patricks Day School is in receipt of a grant of £. 80/. p. an: from the C. & Ir. Sch. Revenues, & that the Municipality contrib their grant to Primary Schools only: that the R. C. Archbishop, as such, receives nothing from the Board, but a monthly grant of £. 10.0/. p. an. on account of his primary School, & further that the

C. & m. Ch. Contributes nothing
for its support. The Chaplain
may also be asked to apply to
the Dir. of C. Instruction for a
grant in aid, if Technical Drawing

in the Orphanage.

6. The present application may,
if approved, be sent to the
Dir. P. W.: for report & his attention
to paras 11 & 12 of the
letter, with the remark that
the R. C. Orphanage as such,
receives no aid either from

15. The Commissioners recommend a grant of Rs. 50/- per mensem from the allotment of Rs 3000/- in the budget in account of Land Revenue assigned to the Municipality. In support of this recommendation, the Board refer to

the

the order of the Chief Comm^r sanctioning the assignment of land revenue to the municipality on ~~the ground~~ condition that one half of the grant should be set apart for the maintenance of any charitable institution.

15 As the municipal Commissioners have considered that the application reserves support from municipal funds it is submitted that the proposed grant may be met from the allotment on account of ~~land revenue~~ charitable grants. The income & expenditure having been budgetted for, the present expenditure, it is not? cannot be debited to the provision under Charitable grants." The President's proposal to meet the expenditure from municipal funds is not clear; he should state in the budget for 1888-89.

21 In letter No $\frac{2612}{1\text{Rec}}$ dated 26 October 1888 the Director of Public Instruction forwards the application from Rev. Quenard to this office for a grant in aid of the St. Patrick's Orphanage was forwarded for report, says that on a similar application the Municipality have sanctioned a grant of Rs 50/- per month from the allotment for charitable grants, and that the matter therefore seems to be disposed of. Pl. No 5

22. Mr. Rice however suggests the desirability of making it a rule that Educational grants from Municipal funds should not be given without previous reference to the Educational Dept. Otherwise he says confusion is likely to arise.

23. As regards the proposed grant from Municipal funds, the President has been asked in Pl. No. 4 to report

the source from which the expenditure during the year can be met. If any reply is needed to the application received direct in this office, Revd. Durand may be informed, when sanctioning the Municipality's proposal to make a grant of Rs 50/- per mensem, that the subject matter of the application has been disposed of inasmuch as the Resident has sanctioned the grant of Rs 50/- per mensem in aid of the orphanage from the Municipal funds.

24. The grant now made to the orphanage is not an annual grant as the Municipality clearly propose debiting it under charitable grants. With reference to para 22 of the note, it is not clear to office what confusion

in

is likely to arise by the Municipality's making Educational grants without reference to the Educational Dept.- The Municipality exercises general control over the Primary Schools in the Station which are in receipt of the Municipal Grid, inspection being reserved in the hands of the Educational Departt. As the Director of Public Instruction has opportunities to judge of the standard of a school, it is submitted that it would be well if the Municipality as desired by Mr Rice consult the Educational Department before sanctioning grants. If approved, this matter may be suggested for the consideration of the Board, when conveying sanction to the proposed grant of Rs 50/- per month to the St. Patricks Orphanage, as recommended by Dept. 38 With his letter No. 56 B. of the 16. Mar. 90 the Insp. of Schools forwards for the Resident's Consid.n an application from the Rev.d Father Superior for a building grant for St Patricks Orphanage, Bangalore. The repairs, which have already been carried out, are estimated at Rs 163-4-10. The Inspector points out that it is too late for the grant to be paid out of this years allotment; and says that, if approved, it may be met from the allotment for 1890-91.—

receive a grant-in-aid per mensem ~~of Rs~~ 80/ from the C. M. Cl.ⁿ Revenues. The grant now asked for is for the School and not for the Orphanage (Sl. No. 11/a).

The Orphanage is a well-established Christian Native School, with a decent building of its own.

The late Bp. Cotton has left a sum of Rs. 5000. in the hands of Government for building purposes.

The Orphanage is a Christian Native School.

The Bishop has also left a sum of Rs. 5000. in the hands of Government for building and furniture grants.

40 If a grant is for more than one half of the total cost, in this case the sum payable would be ~~Rs~~ 81-8-5: but the grant is payable under certain conditions laid down in Chap: V of the Bengal Code, none of the conditions in this case have been fulfilled, and the work having been carried out by the managers before

41. The "orphanage" & the "school" connected with it are not necessarily identical. The orphanage is a purely charitable institution, the school purely educational but when it suits the purpose of the managers they are treated as combined or separate institutions

42. The orphanage gets 50 Rs p.m. as a charitable grant from Mc funds — this is enough The school (wh. teaches up to the middle school standard) gets 80 Rs p.m. under as an educational grant from the movement of the Ass.d Inst — this also is enough. In the present case the appl.n is otherwise inadmissible under Chap. V. of the Code. Draft herewith to Inspector of Schools. 26/3

S. N. 13

43 In an application dated the 7th June 1893, the Revd Fr Tabard Catholic Chaplain Bruyelre, states that the existing accommodation for the St Patrick's School & Orphanage being inadequate, he has started the building of a new Boarding & Day School in the Compound of the Roman Catholic Cathedral, and applies for a building grant.

44. The grant applied for is purely an educational one. In the first place, what the cost of the proposed building is has not been stated, nor have the particulars necessary under chap: I of the Educational Code been furnished, though a plan of the building has been sent.

The School in question is in receipt of a grant of Rs 80/- a month At present grant of Rs 657/- was sanctioned to this School in March 1888 for repairs & furniture but an application

S. N. 6, Rec 138/88

for a grant of Rs 81-8-0 for repairs was refused in March 1890 - A.N.12. file 419/88

45. It is surprising that the building has been started without the necessary funds or the assurance that the Govt will bear a portion thereof - Article 94(e) of the Code requires that the plans, specifications of the building should be approved before a grant is sanctioned - A sum of Rs 5000/- is provided in the Assigned Trust budget for current year as a/c of building and furniture grants. If approved the Chaplain may be told to forward the application to the Inspector of Schools, who will please see that the formalities prescribed in the Code are complied with

46 With reference to the first Asst Resident query "Is there any head from which a grant could be given except as a School", it is submitted that it is a principle of account that an expenditure should be charged to the head to which it is incidental. Hence any grant sanctioned for a School should be met from the allotment under "Education" Probably a grant may be given for the

(Continuation of Note or Precis.)

Orphanage & debitable Rs 32 Miscellaneous donations for charitable purposes but the provision in the budget, viz Rs 6510, cannot be made available for this purpose as it represents fixed annual charges as follows:-

Grants to temples —	262
" : Expenditure Chelliyan	800
Interment of paupers —	48
	6510

47 A building grant of Rs 5,000/- was made to the Nursing Institute with the special sanction of the Govt of India, & any grant other than an educational one has likewise to be sanctioned by the Foreign Dept. There seems however no objection to such grant being made from municipal funds but considering the heavy demand that will shortly

49 In letter No. 64 B. dated the 19: July 1893 the Inspector of Schools reports on the application for a building grant towards St Patrick's Orphanage & School.

1 No. 15

50 The Inspector states that there is no orphanage or poor school for Roman Catholics in the Ld Inchabin that the present building is very old & unsuited for school purposes & that the new building now being erected is well planned & commodious & will be a great boon to the classes for whom the School is intended. He recommends a grant of £5,000 in instalments if necessary

51 Please see paras 44. & 45 of the Educational Code, note. Under article 93 a grant cannot ordinarily exceed one-half of the total cost. What the total

cost is has not been stated. Article
94, the Inspector of Schools has to be satisfied
that the ~~School plan~~ estimates & specifications
are suited to the School & the title and
trust deeds are in due form. No estimate
has been sent up nor has Mr. Marsden
said any thing about the trust deeds

52. As Mr. Marsden has recommended
a grant of Rs 5000/, the cost of the building
will presumably be much more than
Rs 10000/- but yet the estimate may be
sent for & the ~~Inspector~~ asked whether
School authorities are prepared to have
a trust deed executed as prescribed
in the Code.

Father Labrooy says the cost will be about 12,000 Rs. 26/7

53 The budget provision for building

55 In letter N-78 dated the 28th August
1893, the Inspector of Schools, Mr Stokes,
reports upon the application for a building
grant for St Patrick's School

56. The Revd Tabard stated in his
original application (Pl. N-13) that the Cost
of the building would be about Rs 12,000.

A. N-18

The estimate now sent up puts the cost down at Rs 15,765. No specification has been received & what accompanies the estimate is merely a ground plan on which the building is being erected. The estimate is moreover not signed by any person. If professional check be necessary, the plan & the estimate may be sent to Mr. O'Shaughnessy for the needful being done.

57. As regards the amount required as grant from the Govt., Father Tabard stated in his application (Ex. N-13) that he did not think he would be able to realize 6000 rupees from private sources. Mr. Marsden recommended "or whatever sum Rev. Fr. may suggest" & then a grant of Rs 5,000/- ~~[illegible]~~

~~[illegible]~~

~~[illegible]~~. The Priest says that the certificate under Sec. 96 of the Bengal Code cannot be sent before he knows what the amount of the grant will be.

As regards the grant, Mr. Marsden says that only half the building will be required for

School purposes (costing Rs 7,500 in accordance with the estimate) & that Rs 3,750 (being half of Rs 7,500) would be the grant that might legitimately be claimed. It was proposed in the Bishop Cotton School grant file that a sum of Rs 2000/- might be sanctioned for this school. This can be done this year & the balance Rs 1750, paid next year, should the grant recommended by Mr. Marsden be approved.

58 A draft of the trust deed has also been sent, & in para 2 of his letter the Inspector raises a question as to ~~the substitution of~~ what officer should be substituted for the "Director of Public Instruction" occurring in the form of the Trust Deed. As the Inspector of Schools took the place of the Director of Public Instruction in the Code Section, ~~has recommended the~~ ~~substitution~~ the words "Inspector of Schools" must

must be substituted for the words "Director of Public Instruction". The account-grant has also to be filled in. It is submitted that it will be sufficient to enter the amount now to be granted, without any reference to the grant that may be made next year, otherwise it would be incumbent on the part of the Govt to pay the balance next year.

8.32 In respect of (c), the Manager asks for a building grant of Rs1000/- to clear the debts on a/c of St. Patrick's School new building for which a grant of Rs 5000/- was made, & Rs 500/- towards the purchase of furniture for the School. It is stated by the Revd. Tabuce that Col. Henderson promised

promised to supplement the grant made towards the new building - There is nothing on record in File No. 419/88 that any such promise was held out to the Revd Tabard Attention is invited to his certificate dated 31st August 1893 that the funds in his hands with when added to the Govt grant be sufficient to meet all claims & to close the account - It is now said for the first time that there is a debt of Rs. 2000/- towards the building. Evidently Mr Marsden does not support this application - As regards the furniture grant of Rs 500/- Mr Marsden is silent; should he report that it is necessary, the grant can be passed

As for the St Patrick's School, Mr Tabard asks for Rs 1000/- on account of the new building & Rs 500/- for furniture. If will be noticed that he does not want it all this year but by instalments of Rs 750/- or Rs 500/- if more convenient. If the "new building" referred to is the one in

With letter No. $\frac{C}{6}$ dated the 20th March 1896, the Inspector of Schools, Central Circle, forwards a copy of a letter from Father Tabard, submitting the explanation called for in Sl. No. 33 - The explanation does not seem to be altogether satisfactory. × It is believed The certificate clearly said that the funds in Mr Tabard's hands plus the Govt grant (£5000) would be sufficient to meet all claims and

to close the account. The Manager explains now that subscriptions were not realized in full as subscribers had left the Station or on account of other causes such as death etc. It is also represented that the cost of the building exceeded the estimate, & that the Manager understood from Col: Henderson that if through unforeseen circumstances the amount showed prove small to finish the work, he (Col: H) hoped to supplement it.

69 The Inspector recommends the grant of Rs 1,250/- showed Mr. Tabard's explanation be accepted. This proposal to meet the expenditure from the current year's allotment is impracticable as another reappropriation of Rs 1412/- has only the other day been proposed to the Govt of India to meet certain charges. The saving available amounts to only about Rs 370 only. ~~No discussion~~ The case has been sent up in an incomplete style, the certificate sent with Sl. No. 33 has not been returned, no opinion has been offered by the Inspector on the explanatory letter of the Manager; he should have ascertained whether the subscriptions had not been realized as stated by the Manager.

nothing has been said as regards the furniture grant applied for. What sort of furniture is wanted & whether it is necessary

To If approved, the Inspector may be requested to furnish all particulars so that the Resident may be enabled to pass his orders in the matter. It may be observed that as a further reappropriation of £s 1412/- from the building & furniture grants has been proposed, it is not possible to sanction any grant towards ~~extension~~ the St Patrick's School but that if sufficient grounds are forthcoming the Resident will be prepared to consider Mr Tabard's application & sanction a grant from the next Year's allotment.

77 Dr. Marsden would like to know what the portion of the building intended for the School has cost, and suggests that the Municipal Engineer be asked to report on this point. If approved this may be done. It has been done before on more than one occasion.

78 If the School portion of the building has cost Rs. 12000/. Father Leboud would be entitled to ask for another 1000/ which added to the 5000 he has already had will make half the School outlay.

82 The Inspector puts down the value of the School portion at Rs 17,500/- & the School is therefore entitled to the 1,000 rupees additional grant asked for. In Sl. No. 38, para 3, Mr. Marsden states his opinion that if any grant is to be made, it should be given in December next by which time all demands for grants are expected to be received. Rev. Tabard would be glad to have the grant paid as early as possible in order to clear the debt on this building. The Inspector may be asked if approved, whether he sees any objection to the payment of the grant of Rs 1,000/- at once.

83 As regards the valuation of the building it is observed that as per original estimates, the cost was put down at Rs 15,765/- (vide para 56 of note). Some changes & improvements ~~constructed~~ appear to have been made after the original estimate had been framed, & the Rev. Tabard himself has shown the cost after such improvements, at Rs 20000/- 1.38-A.
Mr. Ellis, the Municipal Engineer, has valued the building at Rs 30000/- Perhaps the value of the land on which the building stands represents the difference =
Submitted for orders.

84- I suppose there can be no mistake-

Mr Ellis says the building is worth Rs 30000/-

If this be the case the Rev^d Father has done well to build in for about Rs 20000/- (S. 38/a).

85. If Mr Ellis' estimate is to be accepted then I would still act on latter part of para 3 of S. 38 & wait till end of the calendar year because of the irregularities that have been committed (paras 3 & 7 of S. 38).

86 Mr Ellis estimate, which I accept, shows that the lower portion of the building, which is used for the school must have cost 1/12 of the whole - Mr Ellis values the whole at Rs 30,000, and the lower portion at 17,500. But the actual cost of the whole was 20,000/- and at this rate the lower portion would have cost Rs 11,666. Under these circumstances I am prepared, subject to there

Bangalore 1st September 1888

J. L. K. Wedderburn Esq
Asst. to the Resident in Mysore
Bangalore

Sir,

I beg you will lay the following representation before the Resident for his favorable consideration.

2. The St Patrick's Orphanage in Shoolay, which is now under my charge, established by one of my predecessors 12 ago, and has been maintained ever since without any Grant-in-aid either from Government or the Municipality

3 It is intended for the male Offspring of European & Eurasian parents the inmates are either Orphans who have been left destitute, or the children, with one or two exceptions, of parents in extremely destitute circumstances without even the means of supporting themselves

The average number on the roll during the past two years was 60.80. The actual number is 65.

The boys, besides being lodged, fed, and clothed, receive an elementary education in the St Patrick's day-School near the Orphanage, which is attended by about 50 others, who are day-Scholars, and which imparts education up to the Middle School standard. About a dozen of the poorest of these day-Scholars also receive a meal a day from the Orphanage.

Employment has been found for several of the boys of the Orphanage in the Railway & Telegraph Depts., and as clerks; and some are sent to firms in the Station to learn Shoemaking, carpentering, etc.

As a rule the boys are kept in the Or-phanage until they attain 15 or 16 years of age, when they are likely to be fit for some work.

The cost of maintaining the Orphanage, which is managed on the most economic scale, under all heads during the year 1887 was Rs 3,224-7-3; or an average of Rs 4-6-4 per head per mensem.

The Roman Catholic Community (European and Eurasian) in Bangalore is, as you are doubtless aware, not a large one; nor are its members in easy circumstances. This accounts for the fact that out of the expenditure of Rs 3224 in the Orphanage during the year 1887, less than one-fifth or only Rs. 578 were contributed towards its maintainance by the Community, the remaining large amount of Rs 2651 having had to be defrayed from the Mission Fund and from my own stipend as the Chaplain.

I hope it will not be out of place if I compare the circumstances of the Orphanage in my charge with the Bangalore Cantonment Orphn

The Report for 1887 shows that the average number on the rolls of the Cantonment Orphanage was 47.50, and that the expenditure was Rs 4.249—14—4, or Rs 7-7-4 per head per mensem which is 70 per cent more than the cost of the St. Patrick's Orphanage.— The income during the ye excluding the balance in hand on the 31st Dec. 188 was Rs 4.200—8—0, made up as follows:—

Municipal Grant in aid	Rs	1200—0—0
Govt. Grant in aid	Rs	300—0—0
Subscriptions, Offerings & Maintainance allowances	Rs	2700—8—0
Total	Rs	4200—8—0

12. I hope that the facts set forth in the preceding para graphs will shew to the Resident, that while the Cantonm Orphanage receives liberal support, not only from the large and affluent Protestant Community, but also from Govt. and the Municipality, the St. Patrick's Orphanage gets but a pittance from the poor Roman Catholic Community, and nothing from Govt. or Municipality, and that, therefore, the latter Orphanage which maintains a larger number of boys is deser of the generous support of a paternal Govt.

13. I beg that you will lay these facts before the Resident, and I venture to express a confident hop that Sir Harry Prendergast will take my humble representation into his earnest and sympathetic con sideration, and sanction a substantial grant-in- towards the support of the Orphanage, which is doing some good to the large number of the poor of the European and Eurasian community.

I beg to add, for the information of the President, that, should means permit, it is my intention to make arrangements for giving the boys a technical education within the Orphanage, such as shoe-making, book-binding, carpentering, etc.

I have the honor &c. &c.

I have the honour to request you will be good enough to lay this application for a grant-in-aid of St. Patrick's Orphanage, now un my charge, before the Municipal Commissioners obtain for it their favorable consideration.

This Orphanage, which is situated in the C parish of the Catholic Cathedral, in Shoolay, was intended for European and Eurasian male orphans their station, and also for the sons of parents in de circumstances, has now been in existence for mor than 12 years, and maintained with much difficult without any help either from the Govt. or the Municip

To enable the Commissioners to see that the Insti has a strong claim upon their support I beg to add a few facts for their information.

The average number on the rolls during past two years was 60.80. The actual number the rolls is 65.

The boys, besides being lodged receive an elementary education in a day School near the Orphanage, whic

-parts education up to the Middle School Standard.
-bout a dozen of the poorest & most day-scholars also
-ceive a meal a day from the Orphanage

Employment has been found for several of
boys of the Orphanage in the Railway and Telegraph
-pts., and as clerks, as musicians in the Native Regi-
-ments; some are sent to Jurnis in the stations to learn
-oemaking, printing, carpentering, etc..

As a rule the boys are kept in the Orphanage until
-y attain 15 or 16 years of age when they are likely to be
-t for some work.

The cost of maintaining the Orphanage, which is
-naged on the most economic scale, under all
-eads, during the year 1887, was Rs 3,229-7-3,
-r an average of Rs 4-6-9 per head per mensem.

The Roman Catholic community (European and
-urasian) in Bangalore is, as the Commissioners are
-ware, not a large one; nor are its members in easy
-rcumstances. This accounts for the fact that out of the
-xpenditure of Rs 3229 on the Orphanage during the
-ear 1887, less than one-fifth or only Rs 578 were
-ontributed towards its maintenance by the Community,
the remaining large amount of Rs 2651 having had
to be defrayed from the Mission Fund, which is always
very limited, and from my own stipend as the
Chaplain.

It will not, I hope, be out of place if I compare,
for the information of the Commissioners, the financial
position of the Orphanage under my charge with that
of the Bangalore Cantonment Orphanage

The report for 1887 shows that the average
-mber on the rolls of the Cantonment Orphanage
47.50, and that the expenditure was Rs 4,249-14-4
Rs 7-7-4 per head per mensem, which is nearly
ten cent more than the cost of the St Patrick's
-nage

-income during the year, excluding the balance

made up as follows ——

Municipal Grant-in-aid	Rs	1200-0-0
Government Grant-in-aid	Rs	300-0-0
Subscriptions, Offerings, Maintenance allowances, etc.	Rs	2700-8-0
Total	Rs	4200-8-0

I trust that the facts set forth in the preceding paragraphs will shew to the Commissioners that while the Cantonment Orphanage receives liberal support not only from the large and affluent Protestant Community, but also from Govt. and the Municipality, the St Patrick's Orphanage gets but a pittance from your Roman Catholic Community, and nothing from Govt. or the Municipality, and that, therefore the latter Orphanage, which maintains a larger number of boys, is deserving of the support of the Bangalore Municipality

To C.V.M. Station, Bangalore

The Assistant to the Resident in Mysore

RESIDENTS' OFFICE BANGALORE No. 100 D/22.3.1890

SIR,

I have the honor to forward for your consideration letter dated 5th March from the Revd Father Durand asking for a grant in aid of the repairs of the buildings of St. Patrick's orphanage, Bangalore.

The Revd manager explains that the repairs were executed in anticipation of the sanction of a grant as the roof was in imminent danger of falling.

The total cost of the repairs

as shown in the Estimate and Abstract accompanying is Rs 163, half of which would amount to Rs 81-8-0 —

It is too late to pay the amount out of this year's allotment — If the Resident approves, it may be paid next month, on completion certificate being furnished, and of the allotment for 1890-91 —

I have the honor to be

Sir

I beg that you will be good enough to forward & recommend to the Resident in Mysore the present application for a Grant to do the repairs needed in the buildings of St. Patrick's Orphanage School, Bangalore.

On inspecting those buildings a few days ago I remarked that the white ants had severely damaged the beams & rafters of the roof. I immediately sent for a competent Engineer, who declared that the roof was not safe, & that urgent repairs to it were needed

To prevent accidents I ordered at once to carry out such repairs as to secure & consolidate the roof. Other necessary repairs remain in abeyance until Government will kindly sanction some help for what has been done, & what is yet required.

I enclose the estimate of costs of repairs (Rs. 163.0.10) and I pray that, in consideration of the poverty of the Orphanage, the Resident may give to my demand his favorable consideration & grant some assistance from the Imperial Funds.

I have the honor to be,
Sir,
Your most obedient Servant,
Edward C.C. Manager St. Patrick's Orphanage

Sir

I am directed to reply to your No 56. B. d. 16.3.90. in wh you recommend a building grant-in-aid of £1-8-0 to St Patrick's School or Orphanage – it is not clear which is meant.

2 The Resident observes that St Patrick's Orphanage already receives 50 Rs p.m. from Mr funds as a charitable grant and that St Patrick's school receives a grant-in-aid of 80 Rs p.m. from the revenues of the Ass^d Tract under the head of Education.

3 These grants the Resident considers sufficient and he is therefore

unable to approve the present

appn for a building grant

4. I further note as to obviate

that none of the conditions

of Chap V. of the Code for

European schools have been

complied with in the present

case and that therefore the

appn is inadmissible on

these grounds alone.

Having received
a report from Mr Saunders
of the R.C. School Board
= Sir
& having read from such a report
of the Rev Chaplain except a school

7/6 Some twenty years ago the R. C. Chaplain received in his own house 5 or 6 little orphans whom he undertook to support out of his private means. as it was to be expected that number went on increasing year by year, and now what goes by the name of St Patrick's Orphanage gives food, shelter and education to about 120 little European and Eurasian orphans, who come mostly from Bangalore. A school was in course of time attached to the institution and this school has become the only one of its kind in Shoolay — and is attended not only by the orphans

orphans but also by many [redacted] European and Eurasian children of the locality. But the accommodation for the school and Orphanage has become utterly inadequate. Under these circumstances I have started the building of a new Boarding and Day school in the R.C. Cathedral compound. The cost will be about 12 thousand Rupees, I do not think I will be able to realize one half of that amount by public subscription and out of my private means.

I trust therefore you will be kind enough to help me towards the building of the new school and I hope by spreading the grant over two or three years you will be able to contribute one half of the cost. I need not insist on the claims of such a charitable institution at a time when the future of the destitute

European and Eurasian community seem to impose itself to the attention of every one. It is only by giving the little ones a sound moral and technical education and trying to help them to make their way through the world that we can hope to improve their present situation. This the R. C. mission of Mysore has always done its best to accomplish quietly, but let us hope surely and without much support from outside.

Without St Patrick's School many of the numerous Eurasian children of Shoolay would be left without means to receive that education which alone will enable them not to be hereafter a burden to society but on the contrary to become useful members of it. I enclose the plans of the new building and hope my application will meet with your approval and your kind sanction.

I remain,

Sir,

Your Obedient Servant.

In reply to your memorandum No. 1989/
dated 13th June 93 forwarding an application 419-88.
dated 7th June 93 from the Revd M. Jaband
applying for a grant-in-aid of the erection
of a new building for St. Patricks Orphanage,
I have the honor to state that I have lately
inspected the School and orphanage and
am of opinion that a grant of say, Rs 5000,
may be given to the Mission

The Institution is partly a School
and partly an orphanage. The scholars
are all of the poorer classes. There is no

orphanage or poor School for Roman Catholics other than St. Patricks-asylum where in the neighbourhood. The Cantonment orphanage is intended for non-Catholics and Catholics could not attend it as religious instruction is compulsory.

The building in which the School is now held is very old unsuited for School purposes and much too small for the present attendance.

The new buildings now been Erected is well planned and commodious and will be a great boon to the Classes for whom the School is intended.

As there may be other calls on the budgetted allotment for building grants for the current year I have further the honor to recommend

that Rs 5000 or whatever sum the Resident may see fit to sanction may be given, if necessary, in two equal instalments one to be paid this year and the other next year. If however, it shall be found towards the close of the year that any of the budgetted allotment is unspent the whole of the available balance might be given in part payment of the instalment for next year so as to avoid any lapse in the allotment.

Extract from letter No C/3 of the 9th August 1893, from the Inspector of Schools, Civil and Military Station of Bangalore.

There is an application now before the Resident for a building grant for St: Patrick's School from Fr: Sabard. The grant applied for is Rs 5000 of which a half was to be paid this year and a half next year. Your order on the point was communicated to Fr: Sabard who is now I believe making up a plan and estimate.

The First Assistant to the
Resident in Mysore.

Sir

In reply to your letter No. 2603/449.88 dated 31st July 1893, I have the honor to forward letter dated 14th August 1893 fro Fr. Tahard forwarding estimates and specifications of the Building now being erected together with Title and Trust-Deed Fr. Tahard states that the plan is in your office. He also says, with reference to the Code rule that Managers must certify who applying for building grant, that the funds in their hands are, when added to the grant, sufficient to carry the work to a conclusion, that he cannot send this certificate until he knows what the amount

amount of the grant will be.

In the Trust-Deed certain words are left out, as it is uncertain whether for the words "Director of Public Instruction" in the form given for the Appendix to the Bengal Code, the words "Inspector of Schools" or "Assistant to the Resident in Mysore should be substituted. I beg to request the favour of a ruling on the point. Also the words mentioning the amount of the grant are not filled in as the said amount has not yet been fixed. Mr Tabard told me personally that the Trust-Deed would be duly registered a promise of a grant being given

3 As regards the amount of the grant, I may point out that so far as the school is concerned, regarded as an educational and not as a charitable institution, about one half of the building appears to be sufficient for it. The rest is to be occupied, I believe, as a residence for the orphan boys belonging

belonging to the school. The total estimated cost being Rs 15000, half of this or Rs 7500 would approximately be the cost of that part of the building to be used as a school. Half of this again or Rs 3750 would be the grant that might legitimately be claimed for this part. What funds there are at the disposal of the Resident for the payment of a charitable grant i.e. a grant towards that part of the building to be used as an orphanage, I cannot say.

There is nothing actually, this although in the budget, represents fixed annual charges. Vide para 45, page 36 of Office note in this file

4- I may also point out that the allotment for the year for building grants to schools is Rs 5,000 and that no application for a part of this for building and furniture for Bishop Cotton's School is already before the Resident.

I have the honor to return the plan and Estimate of St. Patricks School forwarded to me for scrutiny and report with your letter 2952/419-88 dated the 30th August 1893.

The plan of the building is well designed and is suitable to its intended purpose. The Estimate is accurate, and provides for materials and work of the best description.

The rates appear to be taken from the Schedule of the Military works Department Bangalore Division, which are a little higher than the rates paid by the Municipality, the difference on the whole is very trifling.

TABULAR INSPECTION REPORT FOR 1893

Name of School — St Patrick's School

By whom managed — Rev. Father Joachim and Mascarenhas

Date of Examination — 29th June 1893.

Date of Report — 15th July 1893.

Date of Despatch — 16th October 1893.

Date of the last preceding Examination — 16th June 1893

for the Preparation of Report.

1. The name of the school, as recognized by the Department, should be entered in full on the title-page.

2. The names of responsible Managers should be given in full on the title-page.

3. Any explanation which the Manager or Head Master of a school may desire to give regarding each table (Table 9 excepted), should be given in the blank page reserved for the purpose after each table.

4. The remarks of the Inspector will find place, as far as practicable in the blank page or column allotted for the purpose. Such general remarks as cannot appropriately be embodied in the form will appear in a covering letter.

5. *Table (a).*—Special grants and other receipts not being ordinary income should be shown separately. Managers are required to afford the Inspector facilities for verifying the accounts. If any important change has taken place in the receipts or expenditure of the institution since the close of the year, so as to alter materially its financial position, the facts should be noted in the blank page. The net cost if any of the institution to the Manager should be shown against (5) 'Other sources' with an explanatory remark. All financial statements should be for the official year, *i. e.* the year from April 1st to 31st March and not the calendar year. This is necessary to secure correspondence with the annual returns.

6. *Table (b) (1).* Under "Payments from School Funds," in the case of members of religious societies, in receipt of no fixed salaries, the salary of the teacher should be fixed according to the Manager's estimate of the value of the teacher's services with due consideration to his special qualifications, as approved by the Inspector.

(2) The Inspector will note his opinion on the work of each teacher in the column for remarks.

(3) Gymnastic, drill and other special instructors should be included in this table, but not menial servants.

7. *Table (c).*—The fee registers should be produced for examination. The Inspector will examine carefully the record of the terms concerned, and note any irregularity. He will also see that the registers are kept in due form.

8. Column 7 should exhibit pupils who are allowed to pay fees at favorable rates.

9. *Table (d).*—In column 9 only such pupils as cannot be shown under other heads should be entered. In the case of European schools columns 4 to 9 and 12, 15, 16 and 17 may be omitted.

10. In column 18 only pupils, whose parent's or guardians' occupation cannot after reasonable inquiry be ascertained, should be entered.

11. *Table (e).*—Explanation should be furnished in the appropriate column regarding fluctuations in attendance.

12. Explanation should be furnished by the Manager or Head of a school regarding entries in columns 8 and 9, *i. e.*, pupils admitted without the requisite certificates into High or Middle Schools. Pupils should not ordinarily be admitted into a High School without having passed the Middle or Lower secondary examination

nor into a Middle School without having passed the Primary or late Special Upper Primary examination.

13. Generally each pupil is supposed to require at least 10 superficial feet.

14. The condition in which each of the following registers (1) admission, (2) attendance, (3) fee, (4) acquittance rolls, (5) library books taken out, (6) history of normal pupils, (7) gymnastic and drill, (8) supervision book, is maintained, will be individually and briefly noted in column 18.

15. *Table (f).*—The results of two consecutive years should be compared in this table.

16. The names of teachers chiefly responsible for the results of the various public examinations should be shown in the column specially provided for the purpose.

17. *Table (g).*— Very important variations from the general curriculum, whether in excess or the opposite, should be explained in the column for remarks.

Manager's remarks.	Inspector's remarks.
Penal fees have been lately introduced into the school.	"On the entries under expenditure I may remark that 1. The entry of Rs 330 under scholarships appears to refer to expenditure on food and clothing for orphans and ought not therefore to have found place in this statement which refers exclusively to education. 2. The entry of Rs 840 for rent does not appear to be a legitimate charge, as the house belongs to the Mission. Deducting these items the expenditure will amount to Rs 3071 − 1170 = Rs 1901.

The rate of fee for drawing, music or dancing should be specified under column 11, (Special).
Pupils promoted to a class should be considered admissions to that class, and pupils promoted from a class as withdrawals from it.

Manager's remarks.	Inspector's remarks.
It suits the institution very well to have a fee of 1 rupee in the middle and Primary Departments and that of 8 annas in the remaining classes.	The fees are very trifling the circumstances of the pupils being it is said very poor.

Manager's remarks.	Inspector's remarks.
Instruction in drill is being given by M. McGuire of the 1st Northamptonshire Regiment. A first rate building to locate the school is now in course of construction.	The attendance has slightly fallen from 126 to 115. The entries of the Head Master under Columns 4 & 5 are incorrect as the pupils though not examined were present on the date of examination. The remark in column 10 applies to the old building. A new house is being built which will afford ample accommodation.

Cecil Hayes passed the Compulsory portion of the Lower Secondary examination held in 1892 while William Rodgers was successful in the Compulsory branch and two optional subjects of the Lower Secondary of 1873. Five pupils passed the Compulsory portion and in one optional subject of the Primary examination 93 and one in the Compulsory alone.	The results of the public examinations were For Form I – Good " Form III – Fair " Form II & Class IV – Poor. Grammar and mathematics need more attention. On the whole the school is doing good work and deserves encouragement.

Extract of a letter no 73 BG. dated the 6th August 1895 from the Inspector of Schools to the First Assistant to the Resident in Mysore, Bangalore.

With reference to para 2 of your letter no 1971 of the 1st June, I have the honor to subjoin below a statement showing the demands on the building and furniture grants under "22 Education" allotted for the current year.

School.	Item.	Amount
3. St. Patrick's School.	Building grant.	1000-0-0
	Furniture grant.	600-0-0

With reference to the application for a grant for St. Patrick's school, I beg to point out that this is an application for a supplementary grant, i.e. a grant given to this school for its new building

in

in N°. 3157/419.88 of Rs 6.000. I forward
15-9-1893
the letter of the Rev. Fr. Dabard on the
subject. He says Colonel Henderson
promised him a supplementary grant
to clear off a debt on the building. I
have no information on this point.
Colonel Henderson told me nothing
about it.

Extract of a letter No 4403 of 5th November 1895 from the 1st Assistant to the Resident to the Inspector of Schools, Cbm Station, Bangalore

—

(3) St. Patrick's School.

As regards no:(3) a building grant of Rs 1000/- is wanted to clear a debt on the "new building of St Patrick's School and Orphanage" and a furniture grant of Rs 500/- If by "new building" is meant the building for which a grant of Rs 5000/- was sanctioned in 1894-95 (vide correspondence ending with this office letter no 823-9 the 7th March last). Then I am to invite a reference to the Certificate by the Rev. Dabard, furnished in August 1893, when applications for the grant was first made, and in which he said that

the grant then applied for would be sufficient to meet all claims "and to close the accounts" I am to ask that the doubt as regards this matter may be kindly cleared. As you make no allusion to the furniture grant to this institution, your report is awaited.

Dated 20th March 1896.

FROM

E. Marsden Esq B.A.
INSPECTOR OF SCHOOLS,
CENTRAL CIRCLE.

TO The First Assistant to the Resident,
in Mysore, Bangalore

Sir,

I have the honor to forward true copy of letter from Father Tabard, Manager of St. Patrick's school, with reference to para 2. of Fort N 328/95 of your letter No. 4433 dated 5th November. You will observe that it is dated December 5th. The original never reached me. A reminder was sent to him to which no reply has yet been received. On sending the Deputy Inspector to the Manager to enquire into the matter he obtained a copy of his original letter from the Manager. This I now send.

2. If the Resident is pleased

to accept the explanation of the Manager I beg to recommend that Sanction for the amount asked for (Rs 1250) may be accorded at an early date, and sent direct to the Manager with instructions to submit direct to you for countersignature a bill, which may then be returned to him, direct, to be cashed. If sent through me in the usual course, there may not be time to cash it before the close of the year

I have the honour to be, Sir,
Your most obedient Servant.

C Marsden

Inspector of Schools,
Central Circle.

To

E. Marsden Esq B. A.
Inspector of Schools,
Central Circle
Madras.

Sir,

With reference to your letter No. 75 BS dated 9-11-95; I have the honor to state that I had applied for an additional grant for the following reasons, though I had previously certified to the effect that the Government grant of Rs 5000/- together with the Subscriptions would be sufficient to complete the St. Patrick's School and orphanage:—

No; it was stated with the Subscriptions would be sufficient funds in his hands.

I was disappointed in the Sub-criptions: The amount I expected to realize fell below the mark Consequent on Subscribers having left the Station and other incidents, as death etc.

2. It has also been unfortunately the case that the Building has swallowed up a much larger Sum of money than was expected.

3. When the grant of Rs 5000/- was sanctioned by Government I understood from Lieut. Henderson, the former Resident, that, if through unforeseen circumstances the amount should prove small to finish the work, he hoped to supplement it.

Under these circumstances I trust you will kindly recommend my application for the kind sanction of the Resident.

I have the honor to be
Sir,
Your most obedient Servt.

[DRAFT].—For approval.

No. 1318

Dated 10—4—1896.

To

The Inspector of Schools.

Central Circle

Madras.

Sir.

I am directed to acknowledge the receipt

S.35 of your letter No. C/6 dated the 20th ultimo

regarding the application of the Reverend Father

Tabard for a grant for St. Patrick's School

and to communicate the following remarks.

2. This application for Rs 1500/- (Rs 1000/- for

building and Rs 500/- for furniture) was first

brought to the notice of the Resident in your

S.3. file 328 of '95 [Extract at S 32 of this file] letter No. 73 B.C. dated the 6th August 1895 in

which you remarked that the application for

Rs 1000/- was for a supplementary grant,

sum of Rs 5000/- having been sanctioned by the

Resident as a building grant in Septem

1893 & having been disbursed in full during the years 1893-94 and 1894-95.

3. In reply to your letter quoted in the preceding para, a certificate furnished by Father Tabard in August 1893 was sent to you for perusal and return. [It has not been returned and I am to ask that this may be done at an early date.] It is believed that this certificate was to the effect that the funds in his hands would, when added to the Govt grant he asked for, be sufficient to meet all claims & close the accounts. You were asked to state whether the "new buildings" for which a supplementary grant was asked was the same as that for which Rs 5000/- had been granted as stated in the preceding paragraph, and if so, you were asked to have the doubt raised by the certificate cleared up. You were also asked to report on the application for a furniture grant of Rs 500/-

S.4 file 32A of '95
[extract. S.33 in this file]

4. Vide your letter under acknowledgment you forward a copy of a letter from Father Tabard

S. 35

from which it appears that sufficient funds were not actually in his hands when he wrote the certificate of August 1893 but that sufficient money had been promised by subscribers and that the necessity for his application for a supplementary grant arises partly from the fact that the promised Subscriptions were not realised in full and partly because the building cost more money than was expected.

S.18 5. It seems from your letter No 78 of the 18th August 1893 that the new building, which was to be half orphanage & half school, was to cost Rs 15000/- & you recommended that a moiety of the cost of the school portion be granted by Govt viz Rs 3750/- but in the end Rs 5000/- were given.

S.35 6. In your letter of the 20th ultimo you recommend a grant of Rs 1250/- but do not explain how this sum is arrived at, nor do you state

What was the actual cost of the new building nor why it exceeded the estimate nor do you express any opinion on the explanation furnished by the Rev. Father.

Nothing has been said about the furniture grant applied for - It is not known what sort of furniture is wanted, whether it is necessary, what it is to cost, whether it has been actually supplied etc.

On all these points the Residence would be glad of a report & opinion from you at an early date.

I have

FROM E. Marsden Esq/B.A.
INSPECTOR OF SCHOOLS,
CENTRAL CIRCLE

To The Under Secretary to the Resident in Mysore
Bangalore

I have the honor to reply to your letter
S 36 No. 1318 dated April 10, 1896.

2. The Certificate alluded to in para 3 of your letter under reply was forwarded by me with my
S 37 letter No. 77 B.G. dated 23rd April 1896

3. In his letter dated May 19th Father Tabard gives further explanation of the circumstances in which he gave the Certificate. It is clear that the money was not actually in his hands when the Certificate was sent. He appears to have thought that subscriptions promised were as good as subscriptions paid. The explanation cannot be considered satisfactory. In any case I do not think that any further grant should be given unless funds be available after satisfying all other reasonable demands from other Managers on the allotment for the current year for building grants, whether they will be the case will be known about December next by which time all demands for the year will have been made.

419/88

4. With reference to the query in para 3 of your letter, I beg to reply that the building, for which a supplementary grant of Rs 1000 is now asked for by Father Tabard, is the same as that for which a grant of Rs 5000 was granted in 1893-94 and 1894-95.

5. The sum of Rs 1250 alluded to in para 6 of your letter is made up of Rs 1000 (additional grant for building) and Rs 250 grant for furniture.

6. An estimate for furniture amounting to Rs 500. is forwarded by Father Tabard. A moiety of this or Rs 250 is recommended as a grant. The furniture is necessary, as that in use in the old school, since transferred to the new school is very old and rickety. No new furniture has been bought in anticipation of sanction.

7. Father Tabard states that the building has cost Rs 20,000 instead of Rs 15,000 the original estimate. He does not state whether the part of the building intended for the school has cost more than the original estimate. As Government does not undertake in any case to give more than an equivalent of the sum actually raised by private subscriptions the fact that the subscriptions originally promised did not come up to the actual amount collected does not apparently justify an additional grant to make up the difference. But if the school-portion of the building has cost Rs 2,000 more than the original estimate, Government may in accordance with rule give a moiety of the additional cost, although the revised estimate ought to have been submitted to Government at the time with a request for additional grant.

8. If the Resident approves, the Municipal Engineer may be directed to value the school-portion of the building and to report whether it is worth Rs 12,000. This ought to be the value to justify a total grant of Rs 6,000 of which Rs 5,000 has already been given and Rs 1,000 is now asked for.

9. The furniture grant is recommended in the ordinary course, as quite distinct from the building grant. There is no objection to it that I know of.

I have the honour to be, Sir,
Your most obedient Servant.

Bangalore.

Sir,

With reference to your Memo: dated 11th May 1896 I have the honor to state that

1. The cost has been about Rs 20000/-

2. My intention was at first to build the upper story with bricks and mud but it was pointed out to me that through stone and mortar might be more expensive at the time yet it would be cheaper in the long run.

3. I noticed to my regret and anxiety that the old building in which the School was located was faster approaching dilapidation than I expected, consequently I had to procure additional labourers to have the new building done

done very soon.

4. I expected to get some of the timber free from the Mysore Government but my application was not entertained on the plea that the building was situated in the L. & M. Station.

5. Subscriptions on which I depended have not been paid owing to subscribers having died or left the Station.

6. The furniture has not been supplied yet for want of funds.

Sir,

In continuation of para 6 of my
D. 40. letter No. 2185 dated the 15th ultimo,
I am directed to state that the Municipal
Enc 65/41 Ex: Engineer's estimate, which the Resident
accepts, shows that the lower portion
of the building occupied by St Patrick's
School must have cost 7/12ths of the whole.
Mr. Ellis values the whole at ₹ 30,000/-
and the lower portion at ₹ 17,500/- but
the actual cost of the whole, according
to the Rev. Father Labrunie's statement, was
₹ 20000/- and at this rate the
lower portion would have cost
₹ 11,666.

2. Under these circumstances
Mr. Mackworth's grant is prepaid,

subject

subject to other requirements, to sanction an additional grant of Rs 1,000/- for the building, and in accordance with the recommendation in para 3 of your letter No. 89 Bg dated the 27. may last, this matter may be brought forward for consideration in December next

3. I am at the same time to request that the attention of the Revd Father Dubard may be drawn to the two irregularities noted in paras 3 & 7 of your letter of the 27: May 1896
